

The Film Academy of Miroslav Ondříček

Dear Sir / Madam,

In my role as Head of International Film Studies, I am writing to you on behalf of the Film Academy of Miroslav Ondříček (FAMO), in Písek, the Czech Republic, to ask for your assistance in the international promotion of our unique film academy and its International Film Studies program.

Firstly, I would like to inform you about what our school has to offer international students looking to study in the Czech Republic. We are a small, private film academy of around 200 students, that is both a university and tertiary (or technical) training institution. Apart from catering to local students interested in the visual arts, we also offer an International Film Studies program, taught exclusively in English. We offer film studies ranging from a one semester film course, a two semester diploma, to an internationally recognised Bachelor of Arts degree and Master of Arts degree. Our teachers are all practicing industry professionals, and our school gives its students the opportunity to use the best of both modern and classic film equipment. Our school is renowned for its hands on practical approach to learning and offers a personalized learning environment for our students as a result of its small size, as well as organizing its own international student film festival in Písek. Our student's also have the opportunity to travel and study abroad at our partner schools as a part of the Erasmus Plus exchange program, of which we are an active member.

We are asking you to assist us in promoting our school by introducing our film school, and the educational services we offer, to:

- Individuals interested in studying visual arts in the Czech Republic,
- To other educational institutions focused on the visual arts in your specific region,
- Or, to any student recruitment agents or organisations who may be able to direct students interested in studying the visual arts to our school.

Further information about our school is attached, and we ask you to contact us with any questions, or queries that you may have.

We are looking forward to your reply and our future collaboration.

Sincerely,

Daniel Weller

Head of International Film Studies
